

Rate

(Per Month) (Rate)

A per unit balancing charge as described in General Information Section 24-B will be added and the rate will be provided in a monthly statement to be filed with the Public Service Commission. Billing shall be in accordance with General Information Section 24C.

The specific rate for reserved service shall be calculated monthly and shall be filed with the Public Service Commission. The Rate shall be equal to the above rates for unreserved status plus the difference between the average cost of gas and the commodity cost of gas as included in the monthly gas cost calculation.

Above rates shall be subject to increase in accordance with Paragraph 24A, Leaf 79. Above rates shall also be increased to include the Take-or-Pay surcharge. In addition to the above rate, a per unit surcharge based on the pro-rata share of the Cove Point LNG amortization charge billed by the Company's suppliers, which may be adjusted to reflect any significant changes in supplier billings. Prior to any change in the surcharge rate, a detailed statement will be filed with the Public Service Commission. A per unit charge (transition surcharge) shall also be added to collect the Company's stranded capacity costs as described on Leaf 78. The rate will be provided in a monthly statement to be filed with the Commission.

All volumes consumed by customer shall be billed at the above rates. Additional volumes consumed by customer over volumes received for customer's account shall be accounted for and billed in accordance with Specific Provision No. 10 contained herein.

The charges set forth herein shall be subject to a Delivery Rate Adjustment per 100 cubic feet of gas supplied as explained on leaf No. 76.

Charges explained on Leaf 81.
