These base rates shall be posted on a monthly basis, on the Statement of Rate for Service Classification No. 12. The supply rate shall also be posted on a monthly basis, on the Statement of Rate for Service Classification No. 12 and shall include components reflecting the commodity cost of gas (inclusive of volumetric pipeline charges and surcharges), a contribution to the Company's pipeline fixed charges, and a local distribution (delivery) charge. If the Company has charged under this Service Classification during the eight month period ended January 31, 2020, an amount greater than the Company would have charged the Customer under Service Classification No. 2 or No. 3 (as would have been applicable to the customer's use of service, exclusive of the air-conditioning rate, Riders D, G and I rates and other Riders and reductions to the otherwise applicable rates), the Company will perform a reconciliation. The reconciliation shall be performed for those customers that have taken service under this Service Classification for all of the months during the eight-month period ended January 31, 2020. The reconciliation shall exclude (i) all charges during a month that the Company sets the Interruptible Sales Rate at the minimum rate when the minimum rate exceeds the otherwise applicable Firm Sales Service Rate and (ii) any Charges for Unauthorized Use, Charges for Non-Compliance, Daily Penalty Charges including other charges and surcharges to the base rates set forth in this Service Classification related to a Customer's failure to comply with any of the provisions of this Service Classification, the Company's Sales and Transportation Operating Procedures, or this Rate Schedule. Any overcharged amount shall be reconciled by means of a credit applied to a Customer's future monthly bill. Under no circumstances shall this relieve Customers of their reserve requirement obligations as explained under Miscellaneous Provision, Section (D) of this Service Classification.
