GENERAL INFORMATION - Continued

2. Residential Applicant - Non Heating

If an applicant requests residential non-heating service the Company shall furnish, place and construct all mains, service lines, service connections and appurtenant facilities necessary to render the service requested. The cost and expense which the Company will bear shall include:

- (a) the material and installation costs relating to up to 100 feet of main and service line combined, measured from the centerline of the public right-of-way (or the main if it is closer to the customer and development will be limited to one side of the right-of-way for at least 10 years), service connections and appurtenant facilities, but not less than 100 feet of main (if necessary, plus the length of service line necessary to reach the edge of the public right-of-way; and
- (b) the amounts paid to governmental authorities for permits to do the work required and all paving charges that are legally imposed by any governmental authority for the repair or replacement of any street or sidewalk disturbed in the course of such installation.

Upon written request from a prospective tenant, the Company will provide, at no cost, the total gas charges incurred at the prospective residential rental premises for the life of the premises, or the preceding two-year period, whichever is shorter. The Company will provide such information to the prospective landlord, or other authorized person, within ten days of receipt of the written request.

3. Residential Applicant - Heating

If an applicant requests residential heating service, the Company shall furnish, place and construct all mains, service lines, service connections and appurtenant facilities necessary to render the service requested. The cost and expense which the company will bear shall include:

- (a) the material and installation costs relating to:
 - (I) up to 100 feet of main and appurtenant facilities; and
