

PSC No: 7 Gas  
Corning Natural Gas Corporation  
Initial Effective Date: 10/01/2021

Leaf: 82  
Revision: 1  
Superseding Revision:0

Issued Under Authority of PSC Order Dated May 19, 2021 in Case No. 20-G-0101.  
Issued by Michael German, C.E.O. and President, Corning, NY 14830

Under the RDM, actual billed delivery service revenues for each annual period commencing with the Rate Year will be reconciled by comparing actual annual billed delivery service revenues with the allowed delivery service revenues (total revenue for service class 1 and 14). The Company will surcharge or refund customers if the actual billed delivery service revenues differ from allowed delivery service revenues. Any over- or under- collection at the end of the reconciliation period will include simple interest at the prevailing other customer capital rate issued by the Commission. The shortfall or excess will be surcharged or refunded to residential customers on a volumetric basis over the 12-month period commencing September 1. The rate per ccf will be developed using a forecast level of throughput for residential customers. All refunds or surcharges will be subject to reconciliation and included in the subsequent RDM reconciliation.

Per Commission order in Case# 20-G-0101, states that the revenue per customer target be changed to revenue per class (S.C. 1 and 14) effective February 1, 2021 and remains in effect until the Commission sets new targets.
