5.9 Ancillary Service Charges

Pursuant to the Federal Communication Commission’s Report and Order on Remand and Fourth Further Notice of Proposed Rulemaking, FCC 20-111, released August 7, 2020 and effective November 23, 2020, ancillary service charges are considered jurisdictionally mixed (i.e., they cannot be segregated between interstate and intrastate calls) and, therefore, subject to FCC jurisdiction. For purposes of ancillary service charges, the jurisdictional nature of an intrastate call depends exclusively on determining the physical location of the endpoints of the call being within the State of New York. As a result, all ancillary service charges are subject to the FCC’s jurisdiction and rules regarding ICS. Securus’ practices in connection with charging ancillary service charges in connection with Inmate Calling Services complies with Federal Communication Commission Rule 47 CFR § 64.6020. If Securus segregates intrastate ICS from interstate ICS based on the physical location of the endpoints of an ICS call, then the ancillary service charges set forth in this tariff will apply to intrastate ICS calls in New York.
