V. Company's Liabilities:

Bills will be rendered for gas supplied through the company's meters and the readings of each meter installed shall be deemed conclusive as to the quantity of gas delivered to the consumer, except as otherwise shown by test of such meter and except in case of interference with the meter or its action or with any pipe designed to convey gas to the meter.

The company will not be liable for any injury, casualty, or damage resulting in any way from the supply or use of gas, or from the presence or operation of the company's structures, equipment, wires, pipes, appliances, or devices on the customer's premises, excepting injuries or damages resulting from the negligence of the company.

Except for gas supplied under the Service Classifications for Interruptible Service contained in the individual Schedules for Gas Service, the company will endeavor at all times to provide a regular and uninterrupted supply of service, but in case the supply of service shall be interrupted or irregular or defective, or fail from causes beyond its control, or through ordinary negligence of employees, servants or agents, the company will not be liable therefore.

VI. Discontinuance of Service:

The company shall have the right to discontinue its service in case the customer fails to comply with or perform any of these terms or conditions, or if the consumer's installation or any part thereof is deemed by the company to interfere with or impair the continuity or quality of the company's service to other consumers.

VII. Limitation of Supply:

Company reserves the right, subject to regulatory authority having jurisdiction, to limit, restrict, or refuse service that will result in additions to its distribution system and/or production capacity and/or alterations in its contractual requirements of supply from nonaffiliated companies that may jeopardize service to existing customers, and all service will be subject to the provisions of orders and the amendments and interpretations thereof of any competent governmental body having authority or jurisdiction over such service and during the term thereof, notwithstanding anything to the contrary in these Rules, Regulations and General Information for Gas Service and the terms and conditions of service as set forth herein.
