INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

SECTION 3 - DESCRIPTION OF SERVICES, (CONT'D.)

3.3 Product Descriptions, (Cont'd.)

3.3.3 Commercial Dedicated Outbound (1+)

Dedicated outbound services provide direct dialed ("1+") long distance services to commercial Subscribers. Subscribers may also access the company's services by dialing "10XXX." Subscribers access the company's services through dedicated access origination.

3.3.4 Commercial Dedicated 800/888/877 Inbound

Dedicated 800/888/877 provides an inbound toll-free calling service to commercial Subscribers. Subscriber is billed for each toll-free call, rather than the call originator. Calls terminate to Subscriber via dedicated access lines. Inbound toll free intraLATA calls or inbound toll free instate interLATA calls where the Company may or may not be the responsible organization and where an interexchange carrier, or an entity other than a local exchange carrier, is not involved in the switching and transport of those calls between the calling party and the Company switching center, shall be subject to the rates for inbound toll free calling as published herein.
