## LOCAL EXCHANGE SERVICES

---

### SECTION 15 -GRANDFATHERED SERVICES II

The rates provided in this section apply to Customers that are currently in a Service Term agreement with the Company. All Customers being provided Month-to-Month services through an expired service term with the Company will find the rates for their specific non-term services in Section 18 - Non-Term Rates.

(T)

#### 15.1 Residential Network Switched Services

##### 15.1.1 General

Residential Network Switched Service provides a residential customer with a connection to the Company's switching network that enables the customer to:

- A. place and receive calls from other stations on the public switched telephone network;
- B. access the Company's local calling service;
- C. access the Company's operators and business office for service related assistance; access toll-free telecommunications services such as 800 NPA; and access 911 service for emergency calling; and
- D. access the service of providers of interexchange service. A customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive 800 service from such provider, or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (10XXX). At the time of initial subscription, the customer shall designate a Primary Interexchange Carrier (PIC) for intra-LATA and inter-LATA toll service. If the customer does not select an intra-LATA PIC, and does not request blocking of intra-LATA toll calls, the Company shall be deemed to have been designated as the customer's intra-LATA PIC.
