A. Host Account(s) (Cont'd)

- iv. Projects that have completed applications for grants in NYSEERDA's NY-Sun MW Block Program for projects sized at more than 200 kW; or
- v. Projects that a State, municipal, district, or local governmental entity has solicited through a Request for Proposals or a Request for Information issued in conformance with applicable law.

2) To retain the monetary crediting, a project must enter service by the date specified in the NYSEERDA PONs in 1).iii or NY-Sun MW Block Program for projects sized at more than 200 kW, 1).iv, or another governmental entity process, as that date may be extended by the relevant governmental entity, or by December 31, 2017 if no date is specified by a governmental entity.

- 3) If a project is unable to meet the in-service date of December 31, 2017, and meets the following criteria and conditions, the project shall be allowed to retain monetary crediting:
- a) the customer has provided payment, prior to March 1, 2016, for a Coordinated Electric System Interconnection Review (CESIR) study;
 - b) the customer has demonstrated that, upon receipt of the CESIR study results, the estimated construction schedule indicates a final authorization to interconnect on or after July 1, 2017;
 - c) the customer has made payment, of the full or at least the first installment amount, for the estimated interconnection costs necessary to support the project, by January 31, 2017; and,
 - d) the customer has, by November 30, 2017, submitted an affidavit from the engineer of record for the project, attesting that substantially all of the equipment on the end-use customer's side of interconnection point has been physically constructed and that the only remaining requirements to interconnect the equipment depend upon the Company, such as Company construction and/or authorization to interconnect.

- 4) Monetary credits shall remain in effect for a term of 25 years from the later of: April 17, 2015 or the project in-service date.

b. Facility Located and Used at their Premises

A non-residential customer that applies for Remote Net Metering as a Host Account shall receive monetary credits calculated at the Company's Service Classification No. 10 Buy Back Service Energy only rate as described in 4.D Application of Credits at Avoided Cost.
