**4. Release of GSS Storage:**

- A. Release of GSS Storage - DTI Storage Demand and Storage Capacity will be released to Marketers participating in Monthly Balancing Service on behalf of customers in a prearranged storage release transaction at Maximum Demand Rates in accordance with the release provisions of the tariff of DTI. The term of each such release will be for one calendar month. The amount of DTI GSS storage demand released on behalf of a given customer will equal the percentage set forth on the Statement of Balancing Charges, updated each November 1, multiplied by their Maximum Peak Day Quantity as further defined in Leaf 171. The customer's storage capacity will equal the percentage set forth on the Statement of Balancing Charges, updated each November 1, multiplied by their Maximum Peak Day Quantity times 52.3 days, provided the customer has a positive thermal response. The Company reserves the right to change the capacity and allocation, as needed, to maintain the Company's system reliability.
- B. Release of Storage Transportation - DTI FTNNGSS Transportation Capacity will be released to Marketers participating in Monthly Balancing Service on behalf of customers in a prearranged transportation release transaction at Maximum demand rates in accordance with the release provisions of the tariff of DTI. The term of each such release will be for one calendar month. All releases will be made subject to the following conditions: (i) the capacity is recallable by Niagara Mohawk when a customer elects to change Marketers; (ii) the capacity is recallable by Niagara Mohawk when a Marketer fails to perform its obligations under this tariff; (iii) the capacity is recallable by Niagara Mohawk when a Marketer ceases to meet the credit or security requirements of this service classification and (iv) the capacity is recallable by Niagara Mohawk if the customer discontinues service under this service classification. The amount of FTNNGSS transportation capacity to be released on behalf of a given customer will equal the percentage set forth on the Statement of Balancing Charges, updated each November 1, multiplied by their Maximum Peak Day Quantity as further defined in Leaf 171, provided the customer has a positive thermal response. The Company reserves the right to change the capacity and allocation, as needed, to maintain the Company's system reliability.
- C. Recall - All releases under Paragraph 3 and 4 will be made subject to the following conditions: (i) the capacity is recallable by Niagara Mohawk when a customer elects to change Marketers; (ii) the capacity is recallable by Niagara Mohawk when a Marketer fails to perform its obligations under this tariff; (iii) the capacity is recallable by Niagara Mohawk when a Marketer ceases to meet the credit or security requirements of this service classification and (iv) the capacity is recallable by Niagara Mohawk if the customer discontinues service.
