(D) Interruption of Service and Reserve Requirements For Interruptible and Off-Peak Firm Customers: - Continued

Interruptible or Off-Peak Firm Customers, including Contract Interruptible or Off-Peak Firm Industrial Customers, with inadequate alternate fuel or energy reserves who fail to interrupt gas service at any time during the first five or ten days of interruption in any winter season, as applicable, will be billed for the difference between (a) 130% of the higher of the applicable alternate fuel prices, as determined in accordance with the Company's Sales and Transportation Operating Procedures, or the applicable Interruptible or Off-Peak Firm sales rate, and (b) the applicable Interruptible or Off-Peak Firm sales rate. The charge shall be applied to all gas consumed during the billing period in which there is non-compliance with the interruption and for any subsequent billing periods during which non-compliance continues. Any Interruptible or Off-Peak Firm Customer with inadequate alternate fuel or energy reserves or inventory as of November 1 of each year will similarly be subject to the above charges.

Customers with inoperable dual-fuel facilities, including associated Customer-installed phone lines, will be entitled to a forty-eight (48) hour grace period to correct the condition, after which time they will be billed for the difference between:

- (a) 130% of the higher of the applicable alternate fuel prices, as determined in accordance with the Company's Operating Procedures, or the applicable Interruptible or Off-Peak Firm sales rate; and
- (b) the applicable Interruptible or Off-Peak Firm sales rate.

The charge shall be applied to all gas consumed during the billing period in which there is non-compliance and for any subsequent billing periods during which such condition continues.

Effective January 1, 2019, a Customer will be subject to a penalty charge, as described under Service Classification No. 9 Rates Section (J)(11), if the Customer incurs two violations during the current Winter Period under the "Two-Violation Rule." This charge is in addition to the unauthorized use charges and all other charges assessed for not complying with the terms of this Service Classification.

Violations under the Two-Violation Rule:

For each Winter Period, an Interruptible or Off-Peak Firm Customer will incur a violation if the Customer:

- (i) fails to fully interrupt its use of gas, including any planned interruptions (except for any permitted use of gas for ignition purposes); or
- (ii) effective January 1, 2019, fails to submit a signed affidavit to the Company by October 15 each year of the current Winter Period.
