2. Only current information which resides in the Company's database will be provided. Customers ordering Billing Name and Address (BNA) Service must accept BNA account detail on an "as is" basis.
3. The Company will specify the location where requests for Billing Name and Address (BNA) Service are to be received and the format in which the requests are to be provided.
4. The subscribing customer must agree that Billing Name and Address (BNA) information will not be resold or otherwise provided to any other person, corporation, partnership or entity, other than Customer's authorized billing agent, and that BNA shall be used by Customer or Customer's authorized billing agent solely for:
 - a. Billing its customers for using Customer's telecommunications services.
 - b. Any purpose associated with the equal access requirement of United States v. AT&T, 552 F. Supp. 131 (D.D.C. 1982).
 - c. Verification of service orders of new customers, identification of customers who have moved to a new address, fraud prevention, and similar non-marketing purposes.

For calling card calls, collect and third party billed calls, Billing Name and Address (BNA) for ANI service is not available on accounts of non-published/unlisted end users who, by request to the Company (which request may be submitted at any time), have specified that such information not be released.
