5.2 Critical Facilities Administration Service

5.2.1 General Description of Service

Critical Facilities Administration Service (CFAS) provides physical route information to Customers with Telecommunications Service Priority (TSP) qualified circuits, provided by the Company. Customer may request an enhance design layout record or may request a schematic/map layout (Circuit Layout Record). The request must be made in writing by authorized personnel. If the Company is acting as the Prime Contractor, the Company will obtain from its subcontractors the physical routing information for their portion of the qualified circuit.
