GENERAL RULES

24. Service Classification Riders (Available on Request) – Continued

RIDER AB – SMART HOME RATE - Continued

F. Charges - Continued

Rate II - Continued

Supply Charges

Supply Energy Charges

Customers taking service under Rate II of this Rider are subject to the provisions as set forth in Section C.1 of Rider M to determine their energy charges. Customers are subject to the energy related charges and adjustments specified in General Rule 25.

Generation Capacity Charges

1) Generation Capacity Subscribed Demand

Charges applicable for all months (per kW of Subscribed Demand) - as per Statement of Market Supply Charge - Capacity

2) Generation Capacity Critical Peak Events

On any day of the year, the Company may call Critical Peak Generation Capacity Events. The Company may declare up to 10 Critical Peak Generation Capacity Events per 12-month period. During any declared event, the Customer's highest integrated 60-minute demand occurring entirely during the declared event period, in excess of the Subscribed Demand kW level, shall serve as the basis for the Customer's billable demand for the event. A maximum of one Generation Capacity Critical Peak Event may be declared on a single day. Each event shall be billed separately.

Charges applicable for all months
