Consolidated Edison Company of New York, Inc.
Initial Effective Date: 03/02/2019

Leaf: 60
Revision: 1
Superseding Revision: 0

GENERAL RULES

6. Meters - Continued

6.4 Competitive Metering Services

A Customer may obtain Competitive Metering Services if its registered demand was 50 kW or greater for two consecutive months during the most recent twelve months. Competitive Metering Services are described in New York Practices and Procedures for the Provision of Electric Metering in a Competitive Environment (the “Meter Manual”) as adopted by the Public Service Commission and as may be amended from time to time by the Commission. The Meter Manual is set out in Addendum-MET to this Rate Schedule.

If an Interval Meter was installed or would have been installed by the Company, and the Customer takes Competitive Metering Services from a Meter Service Provider, the Meter Service Provider must install an equivalent meter. If the Customer takes Competitive Metering Services from a Meter Data Service Provider, the Meter Data Service Provider must provide interval data to the Company.

A Customer for whom a Meter Service Provider provides the meter(s) will not be billed a Meter Ownership Charge that is applicable to Customers for whom the Company furnishes the meter(s). A Customer who obtains meter services from a Meter Service Provider will not be billed a Meter Service Provider Charge that is applicable to all other Customers. A Customer who obtains meter data services from a Meter Data Service Provider will not be billed a Meter Data Service Provider Charge that is applicable to all other Customers.
