COMMERCIAL TELECOMMUNICATIONS SERVICES

SECTION 4. RATES (Cont'd.)

4.26 Prime Business 9.9 Service

Prime Business 9.9 Service is a flat rate outbound and inbound calling plan available to large business customers. This service permits business customers to make direct dial 1+ calls and receive inbound toll free (800/888) calls. In addition, customers can also place calling card calls. All calls are billed in six (6) second increments after an initial calling period for billing purposes of eighteen (18) seconds. Any fractional portion of a call thereafter, will be rounded up to the next highest billing increment.
