## LOCAL EXCHANGE SERVICES

### SECTION 1 - DEFINITIONS

#### 1.1 Definitions of Terms

Account - A Customer record relating to service or equipment billed to a single telephone number. Service may be provided to one premises or may extend to another premises as long as it is part of the main telephone number.

Building - The term “same building” is to be interpreted to mean a structure under one roof, or two or more structures on the same premises which are connected by a covered passageway in which the wires or cables of the telephone company may be placed without exposure to outside electrical circuits or the weather. In no case can conduit be considered as a covered passageway. The term “same building” does not include those buildings connected by a covered public mall.

Central Office - A common carrier switching center in which trunks and loops are terminated and switched.
