## TELECOMMUNICATIONS SERVICES

### Impact Products – Long Distance Service

#### 5.3.1 Impact Long Distance Service

Impact Long Distance Service provides an outbound voice grade communications service for business Customers who subscribe to certain Impact bundled service packages described in Section 10 of this tariff. In order to subscribe to Impact Long Distance Service, business Customers must select Matrix as the primary service provider for local exchange, intraLATA interexchange and interLATA interexchange telecommunications services.

These rates and charges are applicable only to intrastate, non-operator-assisted, 1+, direct-dialed, long distance calls which originate and terminate in Massachusetts by Customers who have selected Matrix as their Local Exchange Carrier (LEC) and long distance provider.

Rate Per Minute: \$0.0499
