INTEREXCHANGE SERVICES

SECTION 3 - DESCRIPTION OF SERVICES FOR VARTEC TELECOM (Cont'd.)

3.19 Universal Travel Card Service

VarTec's Universal Travel Card Service permits Customers to make calls from any non-rotary dialed telephone within New York to any other location by dialing 1 + 800 + XXX + XXXX, receiving a prompting tone, then dialing in the Customer's personal identification number (PIN) assigned by VarTec followed by the telephone number of the called party.

Maximum rates and charges for VarTec's Universal Travel Card Service are set forth in Section 4.19 following.

3.20 Small Change[®] Service

VT's Small Change[®] Service (non-operator assisted, direct dial) is intended for residential customers for calling within the State of New York. Upon choosing VarTec as their primary interexchange carrier and being entered into VarTec's billing database, customers will receive the long distance usage rates associated with VarTec's Small Change[®] Service. When VT is not the presubscribed interexchange carrier, Customers can access Small Change[®] Service by dialing 10XXX + 1 + area code + NXX-XXXX. In order to receive VarTec's Small Change[®] Service usage rates, however, the Customer must be entered into the VarTec billing database prior to utilizing this service. Calls are routed over Carrier's transmission and switching facilities to any valid NPA-NXX. Maximum rates and charges for VarTec's Small Change[®] Service are set forth in Section 4.20 following.

Calls are rated based on call duration.

3.20.1 Small Change[®] Affinity Edition

The Small Change[®] Affinity Edition offers the same features as VT's Small Change[®] Service. In addition, for every ten (10) long distance calls a customer makes, excluding directory assistance calls, the Customer will receive another long distance Small Change[®] Affinity Edition call for only one cent (\$.01). The one cent (\$.01) calls can be up to ten (10) minutes in duration and can be made anywhere within the United States. The one cent (\$.01) calls will automatically be assessed by the Company's billing system on the first long distance call that meets the above-noted conditions and are subsequent to the required ten (10) qualifying long distance calls made by the Customer, regardless of the Customer's actual billing cycle. The maximum intrastate rates, terms and conditions for service will be those set forth in Section 4.20 herein.
