## INTEREXCHANGE SERVICES

### SECTION 3 - DESCRIPTION OF SERVICES FOR VARTEC TELECOM (Cont'd.)

#### 3.2 TollSaver® Service

TollSaver® Service (non-operator assisted, direct-dial) is offered to Customers, including, but not limited to, residential and business Customers, for calling within the State of New York. Customers access VT via Equal Access FGD circuits and/or other Switched Access Services. Customers can access TollSaver® Service by dialing 1 + (area code when necessary) + NXX-XXXX if they have selected VT as their primary interexchange carrier. When VT is not the presubscribed interexchange carrier, Customers can access TollSaver® Service by dialing 10811 + 1 + area code (if required) + NXX-XXXX. In order to receive TollSaver® Service rates, however, the Customer must be entered into the VT billing database prior to utilizing this service. Calls are routed over Carrier's transmission and switching facilities to any valid NPA-NXX in the State of New York. Maximum rates and charges for VT's TollSaver® Service are set forth in Section 4.2.

Customers of VT's TollSaver® Service will be eligible for VT's Frequent Caller Program. For every ten (10) long distance TollSaver® calls a Customer makes, excluding Directory Assistance calls, the Customer will receive another long distance TollSaver® call for only one cent (\$.01). The one cent (\$.01) call can be up to ten (10) minutes in duration and can be made anywhere within the contiguous United States. The one cent (\$.01) call will automatically be assessed by Carrier's billing system on the first long distance call that meets the above-noted conditions and is subsequent to the required ten (10) long distance calls made by the Customer, regardless of the Customer's actual billing cycle. The one (1) penny call is awarded in multiples of eleven (i.e., 11, 22, 33, 44, etc.). For example, if a Customer makes twenty-five (25) long distance calls, the Customer will be entitled to a one cent (\$.01) call on both the eleventh (11) and twenty-second (22) calls. If either one of those calls exceeds ten (10) minutes or is made to a party outside the contiguous United States, then the very next call that satisfies these conditions, regardless of its numerical standing, will be billed one cent (\$.01).

Calls are rated based on mileage, time of day and call duration.
