## INTEREXCHANGE SERVICES

### SECTION 3 - DESCRIPTION OF SERVICES FOR VARTEC TELECOM (Cont'd.)

#### 3.6 Preferred<sup>SM</sup> Service

VarTec's Preferred<sup>SM</sup> Service (non-operator assisted, direct dial) is intended for, but not limited to, business customers for calling within the State of New York. This program is designed to be sold by agents of VarTec. Upon choosing VarTec as their primary interexchange carrier and being entered into VarTec's billing database, customers will receive the long distance usage rates associated with VarTec's Preferred<sup>SM</sup> Service. When VT is not the presubscribed interexchange carrier, Customers can access Preferred<sup>SM</sup> Service by dialing 10XXX + 1 + area code (if required)

+ NXX-XXXX. In order to receive VT's Preferred<sup>SM</sup> usage rates, however, the Customer must be entered into the VT billing database prior to utilizing this service. Calls are routed over Carrier's transmission and switching facilities to any valid NPA-NXX. Maximum rates and charges for VarTec's Preferred<sup>SM</sup> Service are set forth in Section 4.6 following.

Calls are rated based on call duration.

#### 3.7 Business 800<sup>SM</sup> Service

VT's Business 800<sup>SM</sup> Service permits Customers to make inward calling from stations in diverse service areas to stations located in the contiguous United States. These service areas are groups of predefined NPAs, which encompass all NPAs within the contiguous United States.

Business 800<sup>SM</sup> Service rates and charges apply to completed calls from the service area(s)/NPA(s) selected by the Customer to a telephone number associated with the Customer's existing local exchange service. Maximum rates and charges ranges for VT's Business 800<sup>SM</sup> Service are set forth in Section 4.7.

Calls are rated based on time of day and call duration.
