## INTEREXCHANGE SERVICES

### SECTION 3 - DESCRIPTION OF SERVICES FOR VARTEC TELECOM (Cont'd.)

#### 3.29 Long Distance Saver Service (Cont'd.)

Customers of VT's Long Distance Saver Service will be eligible for VT's Frequent Caller Program. For every nine (9) long distance calls that a Customer makes on the Long Distance Saver Service, the Customer will receive another domestic Long Distance Saver Service call for only one cent (\$.01). The one cent (\$.01) calls can be up to ten minutes in duration and will not apply toward the count for the next one cent (\$.01) call. The one cent (\$.01) calls can be made to any location within the U.S. and will automatically be assessed by Company's billing system on the first long distance call that meets the above-noted conditions subsequent to the required nine (9) long distance calls made by the Customer.

The one cent (\$.01) calls are assessed in multiples of 10 (i.e., 10, 20, 30, 40, etc.). For example, if a Customer makes twenty-five (25) long distance calls on the Long Distance Saver Service, the Customer will be entitled to a one cent (\$.01) call on both the tenth and twentieth calls. If either one of those calls exceeds ten (10) minutes or is made to a location outside of the U.S., then the call will be billed at the applicable per minute rate as listed in Section 4.29, and the very next call that satisfies the required conditions, regardless of its numerical standing, will be billed at one cent (\$.01).

New Customers who are entered into the CallManage Program billing database by the twentieth day of their initial calendar month of service will be eligible for the Frequent Caller Program immediately; however, new Customers who are not entered into the database until after the twentieth day of their initial calendar month of service will be eligible for the Frequent Caller Program beginning with their second calendar month of service.
