TARIFF FORMAT

Leaf Numbering - Leaf numbers appear in the upper right hand corner of the leaf. Leaf's are numbered sequentially and from time to time new leaf's may be added to the tariff. When a new leaf is added between existing leaf's, a decimal is added to the preceding leaf number. For example, a new leaf added between Leaf Nos. 3 and 4 would be numbered 3.1.

Explanation of Symbols - When changes are made in any tariff leaf, a revised leaf will be issued canceling the tariff leaf affected. Changes will be identified on the revised leaf(s) through the use of the following symbols:

- (C) - to signify changed regulation.
- (D) - to signify discontinued rate, regulation, or text.
- (I) - to signify increased rates.
- (M) - to signify material relocated from one leaf to another without change.
- (N) - to signify new rate, regulation, or text.
- (R) - to signify reduced rate.
- (S) - to signify reissued material.
- (T) - to signify a change in text, but no change in rate or regulation.
- (Z) - to signify a correction.

In addition to symbols for changes, each changed provision in the tariff shall contain a vertical line in the right hand margin of the leaf which clearly shows the exact number of lines being changed.
