INTEREXCHANGE SERVICES

SECTION 2 - RULES AND REGULATIONS (Cont'd.)

2.1   Undertaking of the Company (Cont'd.)

2.1.2   Limitations (Cont'd.)

(C)   VT does not undertake to transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections.

(D)   All facilities provided under this tariff are directly controlled by VT and the Customer may not transfer or assign the use of service or facilities without the express written consent of Carrier. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.

(E)   Prior written permission from Carrier is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions of service.

(F)   For any telephone number which accesses VT''s service on a per call basis via the Company's CAC(s) for 1+ calling and is subscribed to a service listed in this tariff for which the customer is required to be entered into the VT billing database prior to use, VT reserves the right to remove the telephone number from the billing database in the event that a period of ninety (90) consecutive days passes during which the telephone number does not access VT's service via a CAC(s). In the event that a customer is removed from the VT billing database, upon next use of VT's service, the customer's VT service will be the current default service (i.e., the service listed in this tariff that does not require the customer to be entered into the VT billing database prior to use). The customer will be billed automatically for this use according to the terms of the current default service.
