COMMERCIAL TELECOMMUNICATIONS SERVICES

SECTION 5. CONTRACT SERVICES (Cont'd.)

5.24 Carrier Dedicated 1+ and Toll-Free Origination Service - II

Carrier Dedicated 1+ and Toll-Free Origination Service - II is a dedicated service that is available to commercial customers who meet the minimum usage requirements that want to utilize the Company's network to terminate 1+ and originate toll free service. Customers must meet certain Company-specified credit evaluations in order to be offered this service option. In addition, Customers must have obtained operating authority in the state(s) which they conduct business, and file tariff(s) where required by law, with an applicable state or federal authority, and have use of their own Primary Interexchange Code. Customers that qualify for this service will receive call termination/origination at the rates specified below. This service is available for call origination/termination in RBOC and independent LEC areas. Rates are based upon the LATA where calls terminate and originate.

- A.** Calls which terminate in a non-RBOC area will be assessed an additional charge of \$0.0200 per minute.
- B.** Outbound 1+ and inbound toll-free calls are billed at six (6) second increments, after an initial calling period of six (6) seconds. Any fractional portion of a call thereafter will be rounded up to the next higher billing increment.
- C.** Directory Assistance Per Call Charge Min: \$0.5000 Max: \$1.40
