## COMMERCIAL TELECOMMUNICATIONS SERVICES

---

### SECTION 4. RATES (Cont'd.)

#### 4.92 Excel Value 3.0 Long Distance Plan (Continued)

##### 4.92.3 Account Codes

Account Codes are available under the Excel Value 3.0 Long Distance Plan to assist Customers in managing and tracking their long-distance usage. Customers may select validated account codes which are specific, pre-defined combinations of digits registered with Excel's switch database, and only those pre-defined codes can be used to complete a call, or Customers may select non-validated codes of a specific length and any code of that specific length can be used to complete a call.

##### 4.92.4 Non-Recurring and Monthly Recurring Charges:

Customers of the Excel Value 3.0 Long Distance Plan will be billed the following fees for optional services:

Toll-Free Numbers	\$ 2.00 per month, per number
Establish New Toll-Free Number	\$10.00 per number
Non-Verified Account Codes	\$10.00 per month, per code
Verified Account Codes	\$20.00 per month, per
code Optional Management Invoice Reports	
Paper	\$ 4.00 per month, per report
Electronic	\$20.00 per month, per report
