COMMERCIAL TELECOMMUNICATIONS SERVICES

SECTION 5. CONTRACT SERVICES (Cont'd.)

5.4 Switchless 1+ and Toll-Free Resale Service

Switchless 1+ and Toll-Free Resale Service is available only to Other Certificated Carriers (“OCC”) who wish to utilize the Excel network to originate, switch, and terminate domestic traffic. The OCC must meet certain Company specified credit evaluations in order to purchase this service offering. In addition, the OCC must have obtained the required operating authority. The OCC must have use of their own Primary Interexchange Carrier Code. The Company may also, at its sole discretion, require that subscribers to this service offering have an existing billing or data processing arrangement with the Company.

OCCs who qualify for this service will receive the rates specified below. Rates are based upon the LATA and the LEC from which the call originates and to which the call terminates, as well as the Customer’s Monthly Minimum Revenue Commitment. Orders for service will only be accepted from OCCs for provision of service to Customers residing in areas served by Verizon.

Calls will be billed in six (6) second increments after an initial calling period of eighteen (18) seconds. Any fractional portion of a call thereafter will be rounded up to the next highest billing increment.
