K. Private Branch Exchange (PBX) Service

The Company's PBX Service uses PBX Trunks to connect to a customer PBX system or other similar equipment. Standard trunk configurations include Direct Inward Dialing (DID), Direct Outward Dialing (DOD) and Combination Trunks. This service provides customers with unrestricted local calling and Carrier Access. The Company treats these trunks similar to individual exchange lines and supports multi-line hunting over a group of trunks. Service is billed based on monthly usage, together with monthly recurring charges. Installation charges also apply. Depending on facilities, optional features noted elsewhere in this tariff may or may not be available.
