## LOCAL EXCHANGE SERVICES

### SECTION 3 - CONSUMER LOCAL SERVICE DESCRIPTIONS - (Continued)

#### 3.3 CUSTOM FEATURES - (Continued)

##### 3.3.10 Speed Dialing 8

This feature allows the Customer to reach a list of frequently called numbers by dialing an abbreviated code. The Customer may call up to eight pre-selected numbers by dialing one- digit codes. Programming of these numbers is completed by the Customer.

##### 3.3.11 Three-Way Calling

Enables a customer to add a third party on an existing call without operator assistance, thereby establishing a three-way conversation. The transmission quality may vary depending on the distance and routing necessary and may not necessarily meet normal standards.

Three-Way Calling (usage sensitive) is available on a pay per use basis and the functionality is the same as Three-Way Calling. Three-Way Calling (usage sensitive) will be provisioned with local service unless customer requests the feature to be blocked or it is included in a package.
