LOCAL EXCHANGE SERVICES

SECTION 2 - RULES AND REGULATIONS - (Continued)

2.5 UNDERTAKING OF THE COMPANY - (Continued)

2.5.3 Interconnection of Facilities

Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Local Exchange Services and the channels, facilities or equipment of others shall be provided at the Customer's expense.

Local Exchange Services may be connected to the services or facilities of other communications carriers only when authorized by and in accordance with the terms and conditions of the tariffs of the other communications carriers which are applicable to such connections.

2.5.4 Inspections

Upon reasonable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in the section for the installation, operation and maintenance of Customer-provided facilities, equipment and wiring in the connection of Customer-provided facilities and equipment to Company-provided facilities and equipment.

If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action deemed necessary, including the suspension of or disconnection of service, to protect its facilities, equipment and personnel from harm.
