REVISION: 2  
SUPERSEDING REVISION: 1

### GENERAL INFORMATION

#### COMMUNITY DISTRIBUTED GENERATION (“CDG”) (Continued)

29.3.3.3 After each CDG Satellite account has been credited, any remaining monetary credit will be carried forward on that CDG Satellite account to the succeeding billing period.

29.3.3.4 If the CDG Host is billed under demand rates, any remaining monetary credits on the CDG Host or CDG Satellite accounts will be carried forward on each respective account to the next year.

29.3.4 Account Closure – The Company requires an actual reading to close an account of a CDG Host. After the final bill is rendered to the CDG Host, any remaining kWh will not be cashed out or transferred. CDG Satellites accounts will no longer receive credits once an account is closed and the final bill is rendered on the CDG Host. If a kWh credit remains on a CDG Satellite Account after its final bill is rendered, such credit will be returned to the CDG Host Account.

Issued by Kenneth D. Daly, President, Syracuse, NY
