## GENERAL INFORMATION - Continued

**27.1 ESCO INITIATED SUSPENSIONS - Continued**

3. Upon the receipt of payments from the customer such that the amount paid by the customer to the ESCO, plus the amounts previously paid to the ESCO, plus any charges paid to the Company for distribution service is equal to or greater than the amount the customer would have paid if both natural gas service and local distribution service had been purchased from the Company on a bundled basis during the period the arrears giving rise to the suspension accrued. Using the original delivery service bills for the subject period, the Company will calculate this charge by replacing the transportation adjustment clause with the gas adjustment clause, and recalculating appropriate taxes. The Company will prepare for the ESCO such bill calculation for a charge to the ESCO of \$6.89 for each billing period included in the calculation.

**C. Reconnection**

Whenever circumstances beyond the Company's control prevent reconnection of gas service within 24 hours of any of the events specified in this section, gas service shall be reconnected within 24 hours after those circumstances cease to exist.

If service is to be reconnected at the meter or an existing curb valve, the customer will be charged a reconnection charge of \$66.13 and, if applicable, the customer shall reimburse the Company for City Marshal's fees and court filing fees.

If service is to be reconnected at the Company's main by excavation of the street, the customer will be charged a reconnection charge of \$300.00.

The Company will apply a one-time credit of the reconnection fee to a customer that receives service under Service Classification No. 1AR or 1BR and has had service disconnected for non-payment.
