Energy Efficiency Program ChargesA. System Benefits Charge

A System Benefits Charge (SBC) will recover costs associated with energy efficiency programs and clean energy activities conducted by NYSERDA. Such costs, including program costs and lost revenue, are recoverable through the SBC pursuant to the Commission's Orders in Case 06-G-1186. Effective January 1, 2010, lost revenues will not be recovered for Service Classification Nos. 1B, 1BR, 1B-DG, 5-1B and 5-1BR.

The Company will calculate the SBC by dividing the annual energy efficiency dollars, plus (minus) any over or under-collections from prior years, including carrying charges, by the projected volumes from the following firm service classifications: 1A, 1AR, 1B, 1BR, 1B-DG, 2A, 2B, 3A, 3B, 5, 15, and 16.
