

Effective Date: 05/01/2016

PSC No. 1 ELECTRICITY  
COMPANY: BOARD OF PUBLIC UTILITIES  
INITIAL EFFECTIVE DATE: April 1, 2016

LEAF: 16  
REVISION: 0  
SUPERSEDING REVISION:

SERVICE CLASSIFICATION 1 AND 2 AMENDMENT (CONTD.)

2. If a customer produces more energy than consumed during any calendar year the SBPU will issue a credit to the customer with the first utility billing issued in the new year. The credit will be calculated by multiplying the kWh credit balance times the average of the Average amount of Purchased Power Adjustment from the SBPU's Statement of Purchased Power Adjustment as filed during the past 12 months, as adjusted by the Factor of Adjustment.
3. Upon payment of the credit, the kWh credit balance shall be reset to zero.

Issued by: Keith King, General Manager of the Salamanca Board of Public Utilities
