##### J. Restrictions on Performance Payments

Performance Payments will not be made under DLRP for Customer accounts participating in CSRP during concurrent Load Relief Hours.

Performance Payments will not be made under CSRP or DLRP if the Direct Participant or Aggregator (on behalf of its customer) receives payment for energy under Rider P, V, or W or any other demand response program (e.g., NYISO's Day-ahead Demand Reduction Program or NYISO's Special Case Resources Program) in which the customer is enrolled through the Company during concurrent Load Relief hours in the same Network(s); provided, however, that Performance Payments will be made under CSRP or DLRP for Load Relief provided in excess of accepted demand reduction bids under Rider W, expressed in kWh.

If an SC 11 Customer participates in the NYISO market through Con Edison and receives payment for energy during concurrent Load Relief hours, Performance Payments will be made under CSRP or DLRP only for Load Relief in excess of the Customer's CBL, expressed in kWh.

Performance Payments will not be made under CSRP or DLRP if service is taken under Rider R.
