C. DS1 PBX Trunk Service (Cont'd)

2) Recurring and Nonrecurring Charges

In addition to the nonrecurring charges listed in Section 12 of this Tariff, service order charges apply as described in Section 3 of this tariff. Charges for each Measured Rate DS1 PBX Trunk include a monthly recurring Base Service Charge and usage charges for completed calls originated from the customer's lines based on the duration of calls during the billing period. In certain circumstances, service to customers may require the use of private line facilities obtained by the company from the Incumbent Local Exchange Carrier or another underlying provider. In such circumstances, the monthly recurring charges to the customer will be the greater of the Company's Monthly Recurring Charges set forth below or the charge to the Company by the Incumbent Local Exchange Carrier or other underlying provider for the private line facility used to serve the customer. If the customer is served through a Number Portability Arrangement, the monthly charge to the customer will be increased by the applicable charge from the Incumbent Local Exchange Carrier to the Company of the Number Portability Arrangement.

Where appropriate facilities do not exist, special construction charges apply.

3) Measured Usage Charges

Measured usage charges for DS1 Trunks are the same as those indicated for a basic business line as described in Section 7.2.1.
