

SECTION 3 - SERVICE AND RATE DESCRIPTIONS

3.1 Access Services (cont'd.)

3.1.4 Other Rate Categories (cont'd)

(B) Local Exchange Service (Reciprocal Compensation) (cont'd)

(5) Rate Regulations

Local Exchange Service will consist of the following rate categories.

(a) Terminating Usage

The Terminating Usage rate will be applied on a per minute-of-use basis, as set forth in Section 5 following, for the completion of calls from a authorized local exchange provider end-user to a Company end-user. Any calls completed to the Company that were originated from the incumbent local exchange carrier in a given LATA and delivered by the incumbent directly to the Company will be billed at the reciprocal compensation, regardless of the point of origination of the call within the LATA.

(b) Direct Trunked Transport

Direct Trunked Transport provides the communication path between an authorized local exchange provider's POI and the Company's end office for the sole use of the authorized local exchange provider. The Direct Trunked Transport rates are billed on a monthly recurring and a per mile basis as specified in Section 5 of this tariff. A Customer may use a single Direct Trunk in conjunction with Local Exchange Service and other Switched Access Services. The Company shall require the Customer to file a Percentage of Local Usage (PLU) report which should, upon ordering Direct Trunked Transport from the Company, be revised on a quarterly basis.

(c) Service Orders

The Service Order charges as specified in Section 5 of this tariff will apply on a per order basis.

(d) Other Standard Charges

Standard charges set forth in Section 5 do not apply to Local Service, except for the specific rate elements identified in (b) and (c) above.
