## 28.0 Use of Customer Fibers

- 28.1 Subject to all applicable Collocation Specifications and obtaining and complying with all Customer Approvals, Customer shall be entitled to request Collocation Space and/or equipment or Service(s) from Cross River Fiber LLC at the Cross River Fiber LLC POPs or Transmission Sites in accordance with Cross River Fiber LLC's rates, terms and conditions governing such Collocation. Customer shall notify Cross River Fiber LLC in writing in the event that it desires Collocation Space, including the address and number of racks required and any special power or other requirements. If such space is available, Customer shall execute Cross River Fiber LLC's standard Collocation Agreement and comply with the Collocation Specifications. Notwithstanding anything to the contrary, (i) Customer's right to obtain and continue to utilize any Collocation Space shall be expressly subject to Customer obtaining and complying with all Customer Approvals, and (ii) any Customer Collocation Space obtained pursuant to this Tariff may be used by Customer only for purposes of interconnection of an optical device or other basis with the communication systems of Customer, Cross River Fiber LLC, or Cross River Fiber LLC Customers, that are located in the same Cross River Fiber LLC POPs or Cross River Fiber LLC Transmission Sites as Customer and only if Customer has arrangements with such Cross River Fiber LLC Customers. Customer shall be responsible for all costs of interconnecting the Customer Fibers with the rest of Customer's transmission network as well as any costs to connect the Customer Fibers to other Cross River Fiber LLC Customers or to other carriers outside the Cross River Fiber LLC POPs or Transmission Sites. In addition, Customer may be entitled to interconnect with third parties that are not Cross River Fiber LLC Customers in a Cross River Fiber LLC POP by purchasing a cross connection from Cross River Fiber LLC on Cross River Fiber LLC's then-standard terms and conditions, including rates, for such cross connections.
- 28.2 Customer shall, at its sole cost and expense, acquire, install, operate and maintain all electronic and optronic equipment necessary for Customer to light the Customer Fibers or for Customer's transmission of information over the Customer Fibers consistent with the terms of this Tariff and any applicable Service Order(s).
