2 General Rules and Regulations (cont'd)

2.14 Critical Facilities Administration (cont'd)

2.14.3. Carrier Obligations

Facilities-based carriers will be obligated to identify the physical path of each subscribed circuit as follows:

- a. Physical path information will be provided by reference to the latitude and longitude coordinates of suitable points along the circuit's path (e.g., cable entrances to buildings, manholes, riser poles, crossboxes, carrier equipment cabinets, and other circuit access points in the outside plant of the carrier) so as to allow the customer to ascertain with a reasonable degree of accuracy the actual physical path of each subscribed circuit.
- b. Physical path information for newly provisioned subscribed circuits is to be available to the customer within 5 business days after the circuit has been installed, and within 15 business days for existing, in-place subscribed circuits.
- c. Any planned moves, changes, or rearrangements that affect the physical path of a subscribed circuit are to be communicated at least 24 hours in advance to the customer, and information related to a move, change, or rearrangement that was as a result of unplanned activity is to be provided within 24 hours of the change.
- d. Updated information regarding the revised physical path of subscribed circuits would be available to the customer within 5 business days for planned actions, and within 15 business days for unplanned activities.
