

### Section 3 - CONNECTION CHARGES

#### 3.1 CONNECTION CHARGE

##### 3.1.1 General

The Connection Charge is a nonrecurring charge which applies to the following: (a) the installation of a new service; (b) the transfer of an existing service to a different location; (c) a change from one class of service to another at the same or a different location; or (d) restoral of service after suspension or termination for nonpayment. Connection Charges are listed with each service to which they apply.

The Connection Charge is comprised of two charges:

- A. Service Order;
- B. Premises Visit

Both charges may not be applicable in all cases.

The general application of these charges is as follows:

- A. A Service Order charge applies per customer order for all work or services ordered to be provided at one time, on the same premises, for the same customer. The charge recovers the cost of receiving, recording, and processing a customer's request for service.
- B. A Premises Visit charge applies per customer order when the company must dispatch an employee to complete a customer-requested installation or service change. Only one charge applies per customer order.

##### 3.1.2 Exceptions to the Charge

- A. No charge applies for a change to a service for which a lower monthly rate applies, made within 90 days after any general rate increase, if a lower grade of service is offered in the customer's exchange.
- B. No charge applies for one change in the class of residence service, provided that the change is ordered within 90 days of the initial connection of the customer's exchange service.
- C. The Company may from time to time waive or reduce the charge as part of a promotion. See Section 5.4.

#### 3.2 RESTORAL CHARGE

A restoral charge applies each time a service is reconnected after suspension or termination for nonpayment but before cancellation of the service, as deemed in Section 1 of this Tariff.
