

EXPLANATION OF TERMS (Cont'd)

**INTERFACE**

That point on the premises of the subscriber at which provision is made for connection of facilities provided by someone other than the Company to facilities provided by the Company.

**INTERRUPTION**

The inability to complete calls, either incoming or outgoing or both, due to Company facilities malfunction or human errors.

**LATA**

Local Access and Transport Area. The area within which the Company provides local and long distance ("intraLATA") service. For call to numbers outside the area ("interLATA") service is provided by long distance companies.

**LINK**

The physical facility from the network interface on an end-user's or carrier's premises to the point of interconnection on the main distribution frame of the Company's central office.

**LOCAL CALL**

A call which, if placed by a customer over the facilities of the Company, is not rated as a toll call.

**LOCAL CALLING AREA**

The area, consisting of one or more central office districts, within which a subscriber for exchange service may make telephone calls without a toll charge.

**LOCAL SERVICE**

Telephone exchange service within a local calling area.

**LOOP START**

Describes the signaling between the terminal equipment or PBX/key system interface and the Company's switch. It is the signal requesting service.

**LOOPS**

Segments of a line which extend from the serving central office to the originating and to the terminating point.

**MESSAGE RATE SERVICE**

A type of exchange service provided at a monthly rate with an additional charge for local calling based on the usage of the local network. One completed call is equal to one message.

**MOVE**

The disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.

**MULTILINE HUNT**

A method of call signaling by which a call placed to one number is subsequently routed to one or more alternative numbers when the called number is busy.
