Once a Performance Adjustment is in effect, a Direct Participant or Aggregator may request subsequent increases to the Performance Adjusted kW if the updated kW level meets the requirements for Performance Adjusted kW. The Performance Adjustment will become effective commencing the first day of the first calendar month that follows the Company's receipt of the request to initiate or update the Performance Adjusted kW. If the current Performance Factor is lower than the previous month's Performance Factor, the lower Performance Factor becomes the new Performance Factor for the current month and each month thereafter the month in which a Performance Adjusted kW request is received or a lower Performance Factor is achieved.
