**GENERAL INFORMATION****13. SERVICE CLASSIFICATION RIDERS (Continued)****RIDER E (Continued)****COMMERCIAL SYSTEM RELIEF PROGRAM****RESERVATION PAYMENT OPTION (Continued)****(B) Reservation Payments for Targeted Areas:**

Direct Participants and Aggregators in target areas will receive enhanced Reservation Payments for each month in which they are enrolled during a Capability Period. If a customer receives a Reservation Payment as described in (A) above they are not eligible for the Reservation Payment for targeted areas. The enhanced Reservation Payment rate per kW is based on the number of cumulative Planned Events for which the Direct Participant or Aggregator was asked to provide Load Relief during the Capability Period, as follows:

The Reservation Payment rate for targeted areas is \$5.00 per kW per month in months in which, as of the last day of such month, the Company asked the Direct Participant or Aggregator to provide Load Relief for four or fewer cumulative Planned Events since the current Capability Period commenced.

The Reservation Payment rate for targeted areas is \$6.00 per kW per month in months in which, as of the last day of such month, the Company asked the Direct Participant or Aggregator to provide Load Relief for five or more cumulative Planned Events since the Capability Period commenced.

The Reservation Payment per month is equal to the applicable Reservation Payment rate per kW per month multiplied by the kW of contracted Load Relief multiplied by the Performance Factor.

**(C) Payment for Participation during Unplanned Events**

A Direct Participant or Aggregator will receive payment for performance during each Unplanned Event, provided the Company can verify that the Direct Participant or Aggregator provided Load Relief.

The payment rate is equal to \$1.00 per kWh for a Load Relief Period in which Load Relief was provided for each hour during the Load Relief Period. This payment is not available to Rider F participants who receive payment for energy during concurrent Load Relief hours.
