

PSC No: 120 - Electricity  
New York State Electric & Gas Corporation  
Initial Effective Date: July 1, 2015  
Issued in Compliance with Order in Case 14-E-0423 dated December 15, 2014

Leaf No. 117.46.19  
Revision: 0  
Superseding Revision:

#### GENERAL INFORMATION

36. Direct Load Control Program (Cont'd)

E. Applications

Applications to participate under this program may be made throughout the year either electronically or in writing.

F. Customers Receiving a Control Device From the Company

Customers who receive a Control Device from the Company shall receive a \$25.00 sign-up payment after the Control Device is installed. The Control Device shall become the Customer's property upon installation.

Starting with the second consecutive Summer Period (defined hereunder as May 1 through September 30) in which the Customer participates, the Customer shall be eligible for an annual incentive payment of \$25.00 payable by check or bill credit at the Company's discretion, after each Summer Period in which the Company can verify that the Customer allowed the Company to control the Control Device for no less than 80% of the aggregate number of Event hours declared by the Company during the Summer Period.

G. Customers Enrolling a Control Device Through a Service Provider

Used For Future Reference

H. Restrictions

This program is available to customers who participate in Unplanned Events in the Company's Distribution Load Relief Program, but not to Customers who participate, either directly or indirectly through a third party, under any other Company or NYISO demand-response program (e.g., the NYISO Special Case Resources (SCR) Program (or any applicable Company program that is intended to take the place of the NYISO SCR program) or in Planned Events in the Company's Distribution Load Relief Program.
