2.4.8 ORDERING, RATING AND BILLING OF ACCESS SERVICES WHERE MORE THAN ONE COMPANY IS INVOLVED

All information necessary for billing, ordering and design coordination will be provided based on the standards in the Multiple Exchange Carriers Access Billing Guidelines (MECAB) and the Multiple Exchange Carriers Ordering and Design Guidelines (MECOD) to ensure that jointly provided Access Services are installed, tested and turned up in a timely manner.

Company and Third Party Carrier will render separate bills as follows:

- Each company involved will accept the order from the customer.
- Each company will provide it's portion of the Transport element and will bill the charges in accordance with its Access Service Tariff or contract, if appropriate. All other appropriate charges in each company's tariff are applicable.
- Each company will render bills for nonrecurring charges as they are incurred. Bills for recurring rates will not be rendered until the service ordered can be provided by all of the companies involved.
- Each company will determine the appropriate Transport by computing the airline mileage between the two ends of the Transport element using the V & H methods as set forth in 6.7.7, following.
- Each company will determine the rate for the airline mileage as set forth above, using it's Tariff. Multiply such rate by the company's billing percentage factor and divide by 100 to obtain the Transport element charges.

The billing percentages will be agreed upon by the companies involved.
