## **6. OBSOLETE BUSINESS COMPLEX SERVICE OFFERINGS**

### **6.4 CALLING PLANS**

#### **2. MTS Services (Cont'd)**

##### **e. MTS Alliance Program**

##### **(1) Description**

The Alliance Program offers a variety of product options designed to accommodate individual calling needs. These services are marketed through an agent of the Company. Rates and charges vary depending upon the option selected by the customer. If a customer discontinues service prior to the end of service agreement term, the customer may be responsible for an amount equal to the Monthly Commitment for each month remaining on the contract term. This penalty is waived for those customers who subscribe to another Alliance service plan for the remainder of the contract term. The following service plans are available.

##### **(a) One Plus and Dial Up Services**

One Plus and Dial Up Services allow customers to utilize the Company's network to place 1+ direct dialed calls from presubscribed telephones. The service is available from equal access end offices only. Dial Up service can be used for placing intraLATA calls, where permitted. Customers must commit to billing more than \$50.00 per month in CenturyLink services. A minimum monthly service fee of \$8.00 per month applies to accounts billing less than \$100.00. Calls are timed and billed for an initial period of eighteen seconds, usage thereafter is measured in six second increments.

##### **(b) Inbound Calling**

Inbound (1-800/888) Services enable customers to provide toll-free calling to their premises. Under these arrangements, the customer is billed for long distance charges, not the originator of the call. The customer may elect to utilize switched or dedicated access arrangements; services are available from equal access end offices only. For billing purposes, calls are timed and billed for an initial period of eighteen seconds, usage thereafter is measured in six second increments. The following service and pricing options are available under this arrangement.
