Superseding Revision:

## 10. OPERATOR SERVICES

### 10.1 GENERAL

#### 10.1.1 DEFINITION OF TERMS (Cont'd)

##### Operator Assisted Calls

Calls requiring assistance for completion, usually by dialing 0+ (area code) + (exchange) + (line number); or by dialing "00", with all subsequent dialing being performed by Operator Services (0--). The following are examples of calls normally placed in this manner:

- Calling Card Calls

Calls for which charges are billed, not to the originating telephone number, but to a telephone calling card issued either by a local exchange or long distance telephone company for this purpose. At the caller's option, and depending upon the services available at a particular location, calling card calls may entail intervention of an attended operator position (i.e., a "live" operator) or may be made on an "automated" basis. The latter are termed "Customer Dialed Calling Card Calls" for purposes of this Tariff.

- Collect Calls

Calls for which charges are billed not to the originating telephone number, but to the destination or termination telephone number.

- Person-to-Person Calls

Calls which are placed under the stipulation that the caller will speak only to a specific called party.

- Station-to-Station Calls

Calls for which charges are billed to the originating telephone number.
