

PSC No: 120 - Electricity  
New York State Electric and Gas Corporation  
Initial Effective Date: July 20, 2015  
Issued in compliance with Order in Case Nos. 14-E-0422 and 14-E-0151, dated April 17, 2015

Leaf No. 117.33.1  
Revision: 3  
Superseding Revision: 2

## GENERAL INFORMATION

### 27. Solar Non-Residential Electric Service Option (Cont'd.)

#### A. Remote Net Metering

##### I. Definitions

**Host Account:** The customer meter where the solar generating equipment is located and interconnected with the Company's distribution system.

**Satellite Accounts:** Additional meters designated by the Host Account, with the same name on the account, for the application of excess net metering credits.

**Excess Generation:** the electricity (kWh) supplied by the customer to the Company during the billing period exceeds the electricity (kWh) supplied by the Company to the customer.

##### II. Customer Requirements and Eligibility

A customer participating in Solar Non-Residential Electric Service Option may designate all or a portion of the excess credit, after application to the Host Account, to Satellite Accounts at any property owned or leased by such customer within the same load zone as determined by the Locational Based Market Price. This shall be completed on a form when submitting their initial remote net metering application.

Satellite Accounts must be held by the same customer and have an identical billing name, on property owned or leased by such customer. The utility reserves the right to investigate/obtain proof that all designated accounts are held by the customer. Satellite Accounts cannot also participate in: Wind Electric Service Options; or Solar Residential Electric Service Option; or Solar Non-Residential Electric Service Option; or Farm Waste Electric Generating System Option; or Electric Hybrid Generating System Option; or Micro-combined Heat and Power Service Option; or Fuel Cell Residential Electric Service Option. Satellite Accounts can only have one Host Account.

- a. A demand billed customer that applies for Remote Net Metering as a Host Account shall be eligible for monetary satellite credits calculated pursuant to Section 4.b. Calculation and Application of Net Metering Credits.
- b. A non-demand billed customer that applies for Remote Net Metering as a Host Account shall be eligible for volumetric per kWh satellite credits calculated pursuant to Section 4.c. Calculation and Application of Net Metering Credits, with the following exceptions:
  - i. non-demand billed customer that qualified for Remote Net Metering as a Host Account on or before June 1, 2015 and shall be eligible for monetary credits pursuant to Section 4.b. Calculation and Application of Net Metering Credits; or
  - ii. a non-demand billed customer that has applied for NYSERDA Program Opportunity Notice (PON) or some other Government solicitation on or before June 1, 2015 and can provide proof of application date shall be eligible for monetary credits pursuant to Section 4.b. Calculation and Application of Net Metering Credits.
    - a) Such customer must be interconnected by the application date or by 12/31/2017 if no such date is specified.
  - iii. Monetary credits shall remain in effect for a term of 25 years from the later of: April 17, 2015 or the project in-service date.
  - iv. These exceptions shall not transfer to a new owner, and shall terminate upon account closure

##### III. Enrollment and Change Period

After the customer's initial application, the enrollment and change period is from January 1 through January 31. Any changes shall be effective with the initial Host Account billing after March 1.

Remote Net Metering customers may submit a change request form annually during the change period to designate additional Satellite Accounts or delete existing active Satellite Accounts. The customer may also change the portion (percentage) of excess to remain at the Host Account once per year.
