6. SWITCHED ACCESS SERVICE

6.7 RATE TERMS AND CONDITIONS

6.7.1 DESCRIPTION AND APPLICATION OF RATES AND CHARGES

B. Nonrecurring Charges (Cont'd)

2. Installation of Optional Features

Nonrecurring charges may apply for the installation of some of the optional features available with Switched Access Service. The charge applies whether the feature is installed coincident with the initial installation of service or at any time subsequent to the initial installation of service.

3. Service Rearrangements

Service rearrangements are changes to existing services installed which do not result in either a change in the minimum period requirements as set forth in 5.2.3, preceding, or a change in the physical location of the POT at a customer's premises or a customer's end user's premises. Changes which result in the establishment of new minimum period obligations are treated as disconnects and starts. Changes in the physical location of the POT are treated as moves and are described and charged for as set forth in 6.7.4, following.

The charge to the customer for the service rearrangement is dependent on whether the change is administrative only in nature or involves an actual technical and/or physical change to the service.
