SECTION 1 – BASIC LOCAL SERVICE

B. LOCAL EXCHANGE SCHEDULE

1. Local Exchange Service Rates

a. Rate Group Classifications

Exchanges are classified by rate groups to determine the appropriate local service charges. The rate group is based on total access lines in the local calling area as follows:

<u>Rate Group</u>	<u>Total Access Lines in the Local Calling Area</u>
1	1 - 8,000
2	8,001 - 18,000
3	18,001 - 28,000
4	28,001 - 40,000
5	40,001 - 60,000
6	60,001 - 90,000
7	90,001 - 120,000

The local service charges are listed in Section 2 of this tariff. The rate group of an exchange could change if the total access lines within the local calling area increase or decrease.

b. Flat Rate Exchange Service

Residence and Business Service:

<u>Exchange Name</u>	<u>Residential Line</u>	<u>Business Line</u>
Rate Group 2	\$N/A	\$N/A
Rate Group 3	\$13.72	\$N/A
Rate Group 4	\$14.33	\$N/A
Rate Group 5	\$15.46	\$N/A
Rate Group 6	\$17.00	\$N/A
Rate Group 7	\$N/A	\$N/A
